11:15 SERVICE  
LUNCH

SUPPER  
EVENING

MONDAY AND TUESDAY

Pacific Garden Mission – Homeless shelter in Chicago. It is the oldest, continuously running, Gospel rescue mission in the country. Evangelist Billy Sunday was saved at the mission in 1886. The mission is in a state of the art facility. They have their own security team and it is extremely safe. The shelter ministers by providing overnight emergency beds, a men's transitional program, a family program, and a women and children's program. Residents are provided three meals a day along with medical, dental, and eye care – this is all in addition to the ministry being Gospel centered. Your team would help in the kitchen with meal prep and service, cleaning and organizing in the overnight shelter, sorting bread and other donations, working in their garden, etc. I am also working on setting a time for your team to work with the kids after school.

WEDNESDAY

Hinsdale Christian Academy – Private Christian School in the suburbs - participate in Chapel services and help the school with a landscaping project.
